## CANADIAN SOCIETY FOR IMMUNOLOGY

Dear CSI Past Member:

Our records indicate that your CSI membership has not been activated in the last three membership years (2011 - 2009). If you wish to rejoin CSI, please visit our CSI website ([www.csi-sci.ca](http://www.csi-sci.ca)) and select "Join CSI".

By joining the Canadian Society for Immunology, **full members** enjoy many benefits: your students and fellows become eligible to apply for travel awards, your undergraduates can apply for a summer studentship and you are eligible for discounted registration to the annual meeting. You also gain access to the lobbying efforts of Research Canada. The higher the rate of CSI membership, the stronger our voice! **Graduate students** and **postdoctoral fellows** enjoy the benefit of potential awards, networking opportunities such as our lively poster sessions and access to the "members only" sections of our website as well as becoming eligible for discounted registration for the annual meeting.

The next CSI Annual Conference will take place in St. John's, NL from June 15 - 18, 2011. Visit our [website](#) for further details on this exciting event. Even if you do not attend our meeting regularly, your membership has several benefits and indicates your personal support for and involvement in the discipline of Immunology in Canada.

Thank you,  
The Canadian Society for Immunology
