

Dear Colleagues,

The Canadian Society for Immunology is joining the The Canadian Society for Molecular Biosciences on their recently launched petition asking the government to consider doubling the open operating grant budgets at both CIHR and NSERC over the next few years.

You may be interested to sign it, and to distribute the link to other faculty, trainees, and staff. The CSI is joining the CSMB in attempting to build momentum prior to the Budget 2017.

Thanks for considering this.
